FEMAP Essentials Training

Course Overview

This course provides the Engineer new to FEMAP with a substantial introduction to the software, its structure, capabilities, and how to take advantage of its efficiency and strengths. For the engineer who already is using FEMAP, this course will fill in the grey areas, provide important time-saving knowledge, and guide them on their way to becoming a FEMAP expert.

Software version: 11.2 (version dependant on trainee requirements).

Deliverables: Full course guide, Data set and Course certificate.

Who Should Attend?

Users of FEMAP wishing to strengthen their knowledge of the software. Knowledge of the theory and principles of finite element analysis and structural engineering is recommended.

Course Agenda: 3 Days

- FEMAP user interface and on-line help
- Materials and properties
- Building geometry
- Meshing geometry
- Importing and modifying geometry
- Loads and boundary conditions
- Model organization
- Visualizing and documenting results
- Assembly modeling
- Specialized in-depth training

"From one-to-one training, group training events, workshops and online/telephone support. Each time has enabled me to use NX more efficiently and more effectively"

Sheffield Precision Medical

Recommended Courses

- FEMAP Thermal & Flow Analysis
- NX Nastran Linear Statics and Normal Modes Analysis
- NX Nastran Dynamic Analysis

Welcome to TEAM

The TEAM Difference? ...is the people we employ within the Company. Our engineering team come with many years of invaluable industry experience. Coupled with this is our long track record with both the software and our commitment to supporting our many customers who design using Siemens PLM technology.

We like to think we have all the answers, but in fact, we listen first; then we work together - as a TEAM.

TEAM Engineering

Directions to our Technical Centre

- **BY CAR**—Head toward Huntingdon on **A14 / A141**. Enter **Washingley Road** and take the **second left** into **Vantage park**. Take **First right** into the **Aspen house** car park. We are in unit **10D**. Welcome to TEAM Engineering.
- **BY AIR**—From Stansted head North on M11, merge onto A120 then back to M11 to Cambridge. Take A14 then A1198 to Royston. Then follow signs for Huntingdon (55 mins)
- **BY RAIL**— Head to 'HUN' station on Brampton Road. Follow B1044 via Stukeley Road then follow CAR directions (6 mins)
