NX Post Building Techniques

Course Overview

The **Post Building Techniques** acquaints you with tools and techniques that are used for building custom, machine tool specific post processors using the Post Builder tool.

Methods are shown for customization and modification of the definition and event handler files that are used by NX Post.

Who Should Attend?

Anyone that is required to build post processors that are used in the NX manufacturing process. Typical users are NC/CNC programmers, system managers and manufacturing engineers.

Course Agenda: 4 Days

- NX Post processor (PP)
- Custom commands
- Post builder
- User-defined events
- Units-only subposts
- User-defined cycles
- Post builder for wire EDM
- Virtual NC Controller
- Post builder for 4/5 axis mills
- Siemens controller PP
- Post builder for late applications
- Macro with Post Builder
- Create mill-turn PP
- Guide to best practice
- TCL Basics for Post Builder

"From one-to-one training, group training events, workshops and online/telephone support. Each time has enabled me to use NX more efficiently and more effectively"

Sheffield Precision Medical

Recommended Courses

- NX Manufacturing Fundamentals
- Fixed/Multi axis Milling
- Turning Manufacturing Processes
- Post Building Techniques
- Mold Wizard Design
- NX CAM Customization

Welcome to TEAM

The TEAM Difference? ...is the people we employ within the Company. Our engineering team come with many years of invaluable industry experience. Coupled with this is our long track record with both the software and our commitment to supporting our many customers who design using Siemens PLM technology.

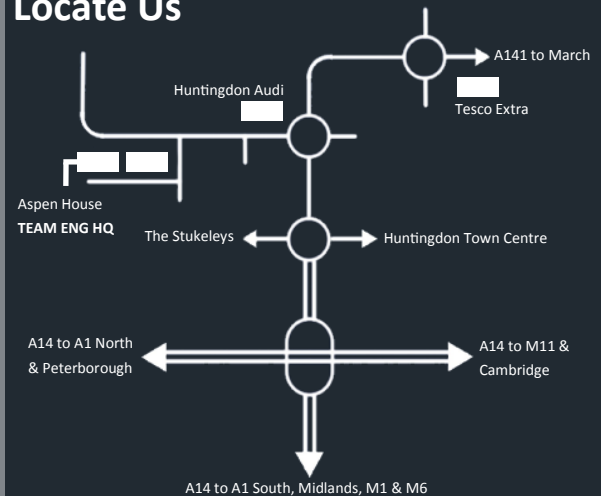

We like to think we have all the answers, but in fact, we listen first; then we work together - as a TEAM.

TEAM Engineering

Directions to our Technical Centre

- **BY CAR**—Head toward Huntingdon on **A14 / A141**. Enter **Washingley Road** and take the **second left** into **Vantage park**. Take **First right** into the **Aspen house** car park. We are in unit **10D**. Welcome to TEAM Engineering.
- **BY AIR**—From Stansted head North on M11, merge onto A120 then back to M11 to Cambridge. Take A14 then A1198 to Royston. Then follow signs for Huntingdon (55 mins)
- **BY RAIL**— Head to 'HUN' station on Brampton Road. Follow B1044 via Stukeley Road then follow CAR directions (6 mins)
