

Innovate . Develop . **Advance**

NX Routing Mechanical

Course Overview

The **Routing Mechanical** course teaches you to utilize the tools used to quickly define piping paths placed around and through other NX assemblies, to assign NPS stock to these paths, and to qualify and place standard parts (for example, flanges valves, and pipe tees).

These subassemblies typically define the systems that provide process piping, disposal of waste, and structural support. The course also includes a section on developing logical diagrams.

Who Should Attend?

Designers Engineers and CAD/CAM Managers who are involved with design and specification of pipe work, hoses and associated systems.

Course Agenda: 1 Day

- Linear paths
- Routings with Heal path
- Routings with Stock
- Routings with Parts
- Routings with Assembly Components
- Routing Systems Diagramming
- Runs and Spools
- Adding Parts
- Qualifying Parts

Recommended Courses

- NX Design Essentials
- NX Basics
- NX Routing mechanical

"From one-to-one training, group training events, workshops and online/telephone support. Each time has enabled me to use NX more efficiently and more effectively"

Welcome to TEAM

The TEAM Difference? ...is the people we employ within the Company. Our engineering team come with many years of invaluable industry experience. Coupled with this is our long track record with both the software and our commitment to supporting our many customers who design using Siemens PLM technology.

We like to think we have all the answers, but in fact, we listen first; then we work together - as a TEAM.

TEAM Engineering

Directions to our Technical Centre

- **BY CAR**—Head toward Huntingdon on **A14 / A141**. Enter **Washingley Road** and take the **second left** into **Vantage park**. Take **First right** into the **Aspen house** car park. We are in unit **10D**. Welcome to TEAM Engineering.
- **BY AIR**—From Stansted head North on M11, merge onto A120 then back to M11 to Cambridge. Take A14 then A1198 to Royston. Then follow signs for Huntingdon (55 mins)
- **BY RAIL**— Head to 'HUN' station on Brampton Road. Follow B1044 via Stukeley Road then follow CAR directions (6 mins)
